Chapter 0

What?

▶ Lecture notes, supporting material, practice booklets…

   ▶ On Poliformat -> LESSONS_Group E

      ▶ Pdf, other formats

      ▶ Polimedias, links to external videos

      ▶ The material for use during the class should be downloaded from the site and brought for work in the classroom. On paper, or with tablet, laptop...

Theory content

- ▸ 0. Introduction (ch.1)
- ▸ I. Professionalism (ch.2, 3)
- ▸ II. Legal aspects (ch.4, 5, 6, 7)
- ▸ III. Ethics and deontology (ch.8, 9, 10)

Chapter 0

Theory content

▶ **0. Introduction (ch.1)**

  ▶ Introduction to the course

▶ **I. Professionalism (ch.2, 3)**

  ▶ Professionalism in ICT

  ▶ ICT competences and profiles

▶ **II. Legal aspects (ch.4, 5, 6, 7)**

  ▶ Legal framework of ICT professionals

  ▶ Personal data protection

  ▶ Intellectual property

  ▶ Digital forensics

▶ **III. Ethics and deontology (ch.8, 9, 10)**

  ▶ Business ethics

  ▶ Computer ethics

  ▶ Green IT

Deontología y Profesionalismo

And really, what is this about?

- ## Professionalism
  - The computer science profession
  - What does it mean to be a competent professional?

- ## Deontology
  - Part of the ethics that deals with the duties of a professional activity
  - Codes of ethics

- ## Legislation
  - Personal data
  - Intellectual property

Chapter 0

How?

- Classes
  - Two hours per week
    - By using active learning methodologies
    - Extensive experimentation in the classroom
    - Class work engages the student in activities during class.
    - Laptops needed
    - + Practice sessions (reports, other activities)

- Assessment
  - The big question!
  - Different assessed elements with a total of 10 points, with possible extra activities
    - Theory: 6,5 points
    - Practice: 3,5 points

Practice assessment: 3,5 points out of 10

- ▶ Lab sessions (10)
  - ▶ Nº 1: The first one with NOTHING to hand in: it´s only a presentation!
    - ▶ Working groups are established.
  - ▶ Nºs 2, 3 y 4: DELIVERABLE 1
    - ▶ About professionalism. 1 point
  - ▶ Nºs 5 y 6: DELIVERABLE 2
    - ▶ About data protection. 1 point
  - ▶ Nºs 7 y 8: DELIVERABLE 3 (co-assessed)
    - ▶ About digital forensics. 0,5 points
  - ▶ Nºs 9 y 10: DELIVERABLE 4
    - ▶ About deontology. 1 point
- ▶ REMEMBER: **Compulsory attendance**

Beware of plagiarism

- The UPV has tools against **plagiarism**.
- The detection of fragments copied from other sources (other delivered works included) in a high percentage implies a mark reduction that will go from 50% to 100%.
- In tasks where plagiarism is detected between two or more students, ALL will be assigned a mark of zero. Do not forget that so guilty are those students copying as those who allow others to copy.

Chapter 0

Theory assessment: 6,5 points out of 10

▸ **Short tests: 4 tests, 0,8 points each (3,2 points in total)**

  ▸ Professionalism, Personal data protection, Intellectual property, Deontology

▸ **Short tasks: 4 tasks, 0,5 points each (2 points in total)**

  ▸ Professionalism, Personal data protection, Intellectual property, Deontology

  ▸ In groups

▸ **Final task: 1,3 points**

  ▸ Individual task

Retakes

- **Students may retake:**
  - Theory (6,5 points)
  - Practice (3,5 points)
  - **All** (10 points)
    - Theory (65%) and Practice (35%)
  - The retakes cancel ALL the marks previously obtained (extras included) in each of the parts.

Chapter 0

Transversal competences

▸ CT 07 Ethical, environmental and professional responsibility

    ▸ Check point

▸ CT 09 Critical thinking

    ▸ Check point

▸ CT 10 Knowledge of contemporary problems

My promises

- I promise to try to speak as much as possible.
- I promise not to be afraid of making mistakes.
- I promise to use English to communicate.
- I promise not to speak any other language.
- I promise to ask questions when I do not understand.
- I promise to try to have fun!
